TRUE COLORS

items

BLEACH / TRUE INDIGO / TOTAL BLACK / NATIVE

Working on the perfect chromatisms is a must for Diesel: indigo, the typical denim colour, paints these wide planks in a natural way, living the wood veins visible. We also developed other colours which were designed and conceived as a basic underlayer through an in-depth study of the chromatic factor. the nuances developed are rich, as the black enriched with a trace of blue, reveal a clear signature expression, showing a colour that is never flat.

Développer des couleurs uniques est un impératif pour Diesel: l'indigo, par excellence, une couleur typique du denim, qui teint ces planches de manière naturelle en laissant le grain du bois bien visible. Mais aussi les autres couleurs, conçues et pensés comme des substrats de base grâce à une étude approfondie du facteur chromatique. Ainsi, les nuances choisies, comme le riche noir d'un soupçon de bleu, révèlent une silhouette claire et expressive, une couleur toujours vivante et jamais plate, comme dans le tissu.

Sviluppare cromatismi unici è un must per Diesel: l'indigo, per eccellenza, colore tipico del Denim, che tinge queste tavole in modo naturale lasciando ben visibili le venature del legno. Ma anche gli altri colori, ideati e pensati quali substrati basici tramite un approfondito studio del fattore cromatico. Così, le nuances prescelte, al pari del nero ricco di una punta di blu, rivelano una chiara cifra espressiva, mostrando una tinta sempre viva e mai piatta, come nel tessuto.

URBAN GREY

items

DUOTONE / BKLEACH / VEIN

Grey, the *industrial* colour par exellence, is a strong base for interiors as it is also the concrete's colour, expressive material on contemporary living spaces. It is through this set of greys that we give an interpretation of concrete, working its details in the chromatic shades and in the treatments, with refined aesthetic results.

Il grigio, colore *industriale* per eccellenza, è Il colore anche del cemento, espressione di modernità e del vivere contemporaneo. È con questa serie di grigi che offriamo una interpretazione di tale materiale, lavorandone i dettagli nelle sfumature cromatiche e nei processi di trattamento. Con raffinati esiti estetici sul legno delle pavimentazioni.

Le gris, couleur industrielle par excellence, est aussi la couleur du ciment, expression de la modernité et de la vie contemporaine. C'est avec cette série de gris que nous proposons une interprétation de ce matériel, en traitant ses détails dans les nuances chromatiques et dans les processus de traitement. Avec des résultats esthétiques raffinés sur le bois du sol.

LIGHT CANVAS / CONTRAST CANVAS

We treat wood like a fabric. With the application of special dyes and treatments, evocative prints and special textures the wooden floor turn into a soft and transformable surface with an outstanding metamorphosis. Creating a customized environment, friendly with the inhabitant's experience.

Comme un tissu, le bois devient une surface à transformer. Et c'est grâce à des teintures et traitements spéciaux, à des impressions et à des textures uniques suggestives, que le parquet est transformé, une métamorphose étonnante, créant un environnement personnalisé adapté à la vie de ceux qui y vivent.

Come un tessuto, il legno diventa una superficie da trasformare. Ed è grazie a speciali tinture e trattamenti, suggestive stampe e textures uniche che il pavimento in legno si trasforma, stupefacente metamorfosi, creando un ambiente personalizzato a misura del vissuto di chi lo abita.

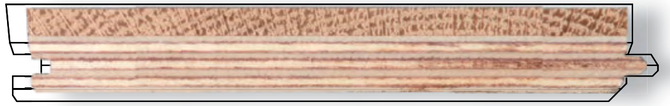
2-LAYERS PRE-FINISHED MAXI / 2 STRATI PREFINITO / 2 COUCHES CONTRECOLLÉ



3 LAYERS PRE-FINISHED / 3 STRATI PREFINITO / 3 COUCHES CONTRECOLLÉ

PATTERN FLOOR / QUADROTTE / MARQUETERIE

2 LAYERS PRE-FINISHED
2 STRATI PREFINITO
2 COUCHES CONTRECOLLÉ

It consists of a hardwood top layer and a supporting birch plywood multilayer made up of a very particular structure with cross layers which guarantee maximum product stability.

Composto da uno strato superiore di legno nobile e da uno strato di supporto inferiore in multistrato di betulla costituita da una particolare struttra a strati incrociati che garantiscono la massima stabilità di questo prodotto.

Composé d'une couche supérieure en bois noble et d'une couche inférieure en contreplaqué de bouleau, constitué d'une structure à couches croisées particulière qui garantit la stabilité maximale de ce produit.

3 LAYERS PRE-FINISHED
3 STRATI PREFINITO
3 COUCHES CONTRECOLLÉ

The wide plank is made up of a 4 mm Oak hardwood top layer, ofa 9 mm Fir cross middle layer, running in the opposite direction of the top layer grain, granting an appropriate structural flexibility and a 2 mm Poplar veneer counterbalancing layer in order to counterbalance the wide planks and give them the maximum structural stability.

Composto da uno strato superiore di legno nobile di 4 mm di spessore, da uno strato intermedio composto da listelli indipendenti di abete di 9 mm di spessore, disposti in senso trasversale rispetto all'andamento delle fibre dello strato nobile in modo da garantire la giusta flessibiltà strutturale, e da una controbilanciatura in plancia di legno di pioppo di 2 mm a cui è demandato il compito di controbilanciare e garantire la massima stabilità delle tavole.

Composé d'une couche supérieure en bois noble de 3/4 mm d'épaisseur, d'une couche intermédiaire composée de lamelles de sapin indépendantes de 9 mm d'épaisseur, disposées transversalement par rapport aux fibres de la couche noble afin de flexibilité structurelle correcte, et par un contrepoids dans une planche en peuplier de 2 mm qui a pour tâche de contrebalancer et de garantir la stabilité maximale des planches.

PATTERN FLOORS
QUADROTTE
MARQUETERIE

500x500 mm laser cut consists of a 4 mm oak hardwood top layer varnished with a water based, acrylic or uv acrylic lacquerand a 9 mm birch plywood made of a very particular structure with 7 cross layer which guarantee maximum stability to this product. Bevelled, with tounge and groove joint.

Quadrotte 500x500mm è una quadrotta a taglio laser composta da 2 strati che si caratterizza per la seguente composizione: uno strato superiore di rovere pregiato di 4 mm di spessore, finito in superficie con vernice acrilica, acrilica UV o all'acqua. Uno strato di supporto inferiore in multistrato di betulla di 9 mm di spessore costituita da una particolare struttura di 7 strati incrociati che garantiscono la massima stabilità di questo prodotto. Bisellato, con incastro maschio-femmina.

Le "Quadrotte 500x500mm" est une dalle découpée au laser composée de 2 couches: une couche supérieure de chêne noble de 4 mm d'épaisseur, recouverte en surface de peinture acrylique, acrylique UV ou à base d'eau. Une couche inférieur en contreplaqué de bouleau d'une épaisseur de 9 mm composée d'une structure particulière de 7 couches croisées qui garantit la stabilité maximale de ce produit. Profil de perfection micrométrique, obtenu grâce à l'utilisation d'outils diamantés garantissant la planéité du sol, entaillé avec joint à rainure et languette.
